

DESIGNATION OF OWNER-APPOINTED REPRESENTATIVE

Section 8.01A of the *Geauga County Water Management and Sediment Control (WMSC) Regulations* gives you the option as site owner to appoint a representative to act on your behalf in matters involving the Geauga Soil and Water Conservation District (SWCD). These regulations are available on our website at www.geaugaswcd.com.

The role of Geauga SWCD is to make regular inspections of lots undergoing development to determine compliance with the *WMSC Regulations*. A report is then written regarding the site's compliance status and sent to the owner or his appointed representative for them to address any problems. Although the owner may appoint a representative, ultimate responsibility lies with the homeowner.

If you wish to appoint someone as your representative, sign the designated area below and please forward to your appointee for their signature.
