

Teaming Up For Bats!

After participating in a *Bats Incredible* program with Geauga Soil and Water Conservation District, West Geauga Girl Scout Troop #70488 was inspired to create more habitat for bats! Twelve bat houses were constructed by Master Gardener Volunteer Dick Coin of Chardon, who left the final stages of completion up to the girls. Left: Troop Leader Morgan Semplak of Russell Township assists her daughter, Blake Semplak, with the drilling. Right: Marylinn Sherriff and Kaitlyn Lemmings, both of Chesterland, paint their bat houses to protect the wood and help stabilize the temperature for the bats.
