Wicked Weeds

Winter woody edition

A Virtual Homeowner Invasive Species Removal Workshop

Invasive species impact all of us and there's no better time than the new year to commit to make a positive change. Join us for this online presentation to learn about problematic invasive plants and techniques on how to remove them. Gain

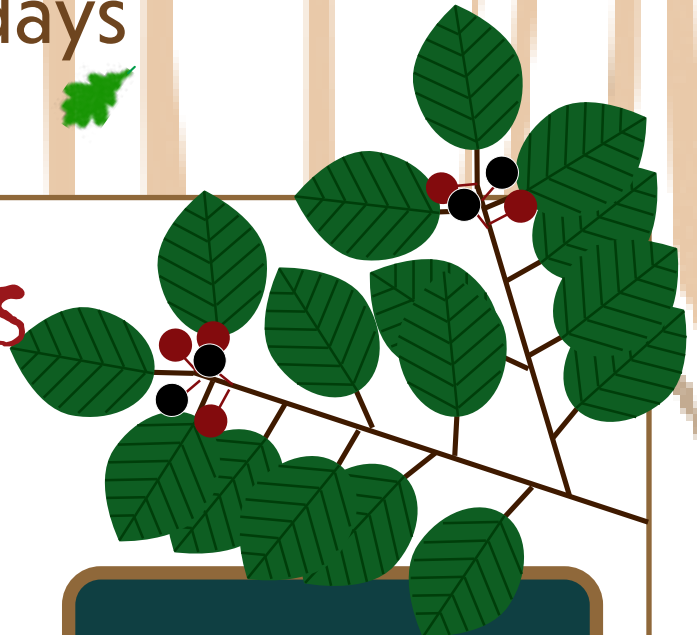

new skills, helpful resources, and a renewed desire to tackle invasives on your own property!

Featured speakers include:

Natalie Gertz-Young
Lake County Soil & Water Conservation District

Joel Firem,
Firem Forestry Consulting

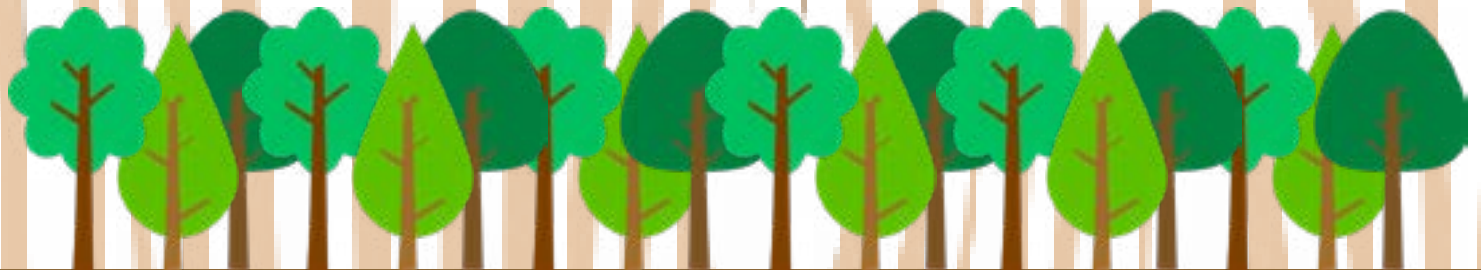

This free virtual program will be held on January 13, 6:00 - 7:30 PM

To register visit:
