

Division of Surface Water NPDES Small MS4 General Permit (OHQ000003) Annual Reporting Form

Instructions for completing this form

- OHQ000003 requires that this form be used when submitting annual reports. You may request approval to use your own reporting format.
- Annual Reports are due annually on or before April 1st.
- Complete the form and sign and date the certification statement below
- If more space is needed than is provided, identify within the provided space that Attachment A, B, C, etc. has been attached.
- If an item of the form is not applicable for your program (such as street sweeping), fill in N/A in the space provided.
- Do not include attachments such as brochures, newspaper clips, sign-in sheets, etc. related to your program with this form.
 You only need to summarize these within this report. These records must be filed and will be needed during program audits.
- · When complete, submit this Annual Report form to the following address:

Ohio Environmental Protection Agency

Division of Surface Water

Storm Water Program-Small MS4

P.O. Box 1049

Columbus, Ohio 43216-1049

General Information		
Small MS4 Annual Report for Year: 2022	Ohio EPA Facility Permit I	Number: 3GQ00088*CG
Name of MS4: Geauga County		
Mailing Address: 12665 MERRITT RD		
City: CHARDON	State: OH	Zip Code : 44024
Country: USA	County: GEAUGA	
Primary Contact: JOE CATTELL	Title: Geauga County Engir	neer

ADULT EDUCATION: Storm Water, Phase 2 and You Series	Geauga SWCD, Geauga County Health Dept, Geauga Park District & Geauga Trumbull Solid Waste District	Provide at least one General Education Program available to the Phase 2 Communities	Safeguarding Streams & Caring for their Corridors: 1) Promote an understanding of how streams function, stream habitat, and ways to maintain and protect stream health; 2) Identify and implement ways to enhance, maintain, and protect natural vegetative buffers along streams to filter pollutants and stormwater runoff; and 3) Empower homeowners and residents with strategies to minimize	Residents	1	Yes
			pollutants entering our streams and rivers from their properties. Other more general themes as related to water quality will additionally be provided			

Summary of Results: Geauga SWCD Programs - Streams

- There's a Map for That! Participants learn how to access online tools to investigate their property and soil and water resources including watersheds, streams, soil type, well logs and precipitation rates 31 participants Geauga SWCD Programs General
- Woodland Wednesdays: Leaving your Legacy Tools to protect your woodlot 56 participants
- Woodland Wednesdays: Woodland Management Tips that Pay Identify goals and management steps for better woodland management 65 participants
- Big Tree Contest Promotes stormwater benefits and ecological services provided by our big trees 25 trees nominated
- Composting 101 Partner with Notre Dame Village to provide basic information and resources to assist with backyard composting in order to reduce waste, improve soil health and water quality 65 participants
- Woodland Wednesdays: Wicked Weeds Promote invasive species management, proper techniques and responsible herbicide use to minimize nutrient pollution and improve forest health 55 participants
- Well Educated!: Groundwater & Well Maintenance Collaborated with Geauga Public Health, Geauga County Department of Water Resources, Ohio EPA, and NPDES Phase 2 Communities and others to provide tools to maintain wells, test drinking water, interpret results, and minimize potential pollutant runoff like sewage and fertilizers from entering wells 61 participants
- National Groundwater Awareness Week Promote groundwater awareness and protection strategies by reducing stormwater pollutants from our properties. Provided information through news releases and Facebook posts
- Rain Barrel Basics partner with Geauga West Library for an introduction to rain barrels 31 participants
- Woodland Wednesday: Field Management Day Tour of practices landowners can use to achieve their goals including single tree selection harvest, timber stand improvement, edge feathering, and reforestation plantings 62 participants
- Wonders of Watersheds: Soil, Water, Climate teacher workshop Explore variety of activities, unique investigations and relevant research regarding soil health, water quality, climate, and land use issues in the Lake Erie Basin with local resource professionals 7 participants
- Septic Smart Partnered with Geauga Health District to provide information on proper maintenance of home sewage treatment systems and promote 56 participants
- Grassroots of Grazing: Pasture Management Program partnered with Geauga County Farm Bureau and Ohio Department of Agriculture to promote pasture rotation, grazing management, fencing, watering, and ways to improve soil health, manage nutrients and reduce erosion 49 participants
- Jaunt with the Giants partnered with Foundation for Geauga Parks to tour six champion big trees in Geauga County Big Tree Contest. Participants learned about big tree benefits, including intercepting stormwater, reducing runoff and streambank stabilization as well as how to measure trees, identify different species and calculate ecosystem services 6 participants
- Stormwater Awareness Week Promoted stormwater awareness and protection strategies by reducing runoff and stormwater pollutants from our properties provided information through news releases and Facebook posts

Geauga Park District

Programs emphasizing the various amphibians, fish and nature that benefits from good water quality - 10 programs - 374 people attended - 11 programs in Phase 2 areas

Geauga Trumbull Solid Waste Management District

Recycling programs - 3 events with 68 participants

Chagrin River Watershed Partners - available to all MS4s

Northeast Ohio Master Rain Gardener Program - 1 resident received certification

History of the Chagrin River - 2 participants

Plant Native: Attract Wildlife to Your Yard - 1 participant

History of the Cuyahoga River - 3 participants

Low-Cost Stream Enhancement Techniques - 1 participant

Story of a Restoration Project - 1 participant

Commonto.

Geauga SWCD Programs - General

- Big Tree Contest Promotes stormwater benefits and ecological services provided by our big trees 25 residents identified, measured and nominated trees and calculated stormwater benefits
- Composting 101 Partner with Notre Dame Village to provide basic information and resources to assist with backyard composting in order to reduce waste, improve soil health and water quality 50 kitchen compost pails and resources were distributed for apartment residents
- Woodland Wednesdays: Wicked Weeds Promote invasive species management, proper techniques and responsible herbicide use to minimize nutrient pollution and improve forest health -55 participants received instructions to identify invasive species and make an herbicide stamper to help erradicate
- Well Educated!: Groundwater & Well Maintenance Collaborated with Geauga Public Health, Geauga County Department of Water Resources, Ohio EPA, and NPDES Phase 2 Communities and others to provide tools to maintain wells, test drinking water, interpret results, and minimize potential pollutant runoff like sewage, fertilizers from entering wells 51 total coliform tests and 25 sensible salting mugs distributed
- Rain Barrel Basics partner with Geauga West Library for an introduction to rain barrels 31 guizzes and one rain barrel distributed
- Septic Smart Partnered with Geauga Health District to provide information on proper maintenance of home sewage treatment systems and promote 35 quizzes taken and one residential septic pump service distributed
- Grassroots of Grazing: Pasture Management Program partnered with Geauga County Farm Bureau and Ohio Department of Agriculture to promote pasture rotation, grazing management, fencing, watering, and ways to improve soil health, manage nutrients and reduce erosion -24 quizzes taken and one soil test kit distributed
- Jaunt with the Giants partnered with Foundation for Geauga Parks to tour six champion big trees in Geauga County Big Tree Contest. Participants learned about big tree benefits, including intercepting stormwater, reducing runoff and streambank stabilization as well as how to measure trees, identify different species and calculate ecosystem services 6 participants measured and identified big tree species and calculated stormwater benefits
- Honey Bee Fest displays and programs promoting native plants and trees and their importance to pollinators and bees 200 wildflower seed packets distributed
- Our Nature An evening with Doug Tellamy display promoting the benefits of trees and native plants and stormwater runoff, stream health and nutrient reduction 36 native wildflower seed packets and one northern red oak seedling distributed

ILLICIT DISCHARGE DETECTION AND ELIMINATION (IDDE)

BMP (mechanism)	Responsible Party	Measurable Goal	Completed	Cite Local Code(s) Being Used (If available, web link for code(s))	Effective
Ordinance or Other Regulatory Mechanism	,	Utilize existing sewage regulations and procedures implemented by the Geauga County Health District including "For sale of property" inspections (through June 2022) and nuisance complaint procedures		OAC 3701-29 https://codes.ohio.gov/ohio-administrative-code/chapter-3701-29 and ORC 3707.01 and County Health Department Supplemental Rules https://gphohio.org/wp-content/uploads/sites/17/2023/02/Section-6-Supplement-1.pdf	Yes

Summary of Results or Activities: All properties follow these regulations

Due to the dry weather inspection the final 2 wet outfalls from the 1st round of inspections involve investigating >150 properties upstream and are being treated as sewage complaints. These are all located within Chester Township. As part of the investigation, all septics in the watershed contributing to the 2 remaining illicit discharges are being tested to ensure all are properly functioning. This process is still underway and some of the systems have been cleared and some have been found to be needing replacement. Those found exceeding limitations on FColi are required to replace their septic systems. Some systems have been replaced already as well.

Miscellaneous sewage complaints received from the public in 2022 were as follows:

Bainbridge - 1

Chester - 2

Russell - 0

Comments: For Sale of Property inspection requirement ended on June 30, 2022 and is being replaced by phased in implementation of the Operation and Maintenance Program for all septic systems.

				Russell	
				# inspections for off-lot discharging HSTS	
				inspections not in compliance: 3 Bainbridge,	
				6 Chester, 4 Russell	

Comments: Geauga County Health District eliminated for sale of property inspections in June 2022 and is in the process of instituting an overarching Operation and Maintenance program for all septic systems and incorporating a

new comprehensive management system for the tracking of the Operation and Maintenance of septic systems. This major process overhaul is currently in transition.

BMP (mechanism)	Responsible Party	Measurable Goal	Completed	Total # of Outfalls	# of Outfalls Screened	# of Dry- Weather Flows Identified		# of Eliminated Illicit Discharges	Effective
Dry-Weather Screening of Outfalls	Township, Russell Township and	Dry weather screening of all newly found outfalls completed and all wet outfalls forwarded to Water Resources for testing	Yes	1420	1300	15	0	0	Yes

Comments: From the initial dry weather screening process, only 2 outfalls were still being investigated in Chester Township to determine the source of outfall and eliminate. To do this an investigation of all homes in the watershed needed to be checked to determine if the septics were functioning correctly. This involves over 150 homes. So far numerous systems have been cleared and some have or are in the process of replacing their septic systems. While the dry weather inspections were generally completed, a number of outfalls will require additional inspection due to either being new, or inspectors could not find, or other anomalies. Depending on the longevity of the impacts of COVID19, the identification and elimination will be addressed in 2022. Currently the dry-weather outflows identified are being rechecked to ensure accuracy as part of the investigation process prior to being sent for further investigation.

MEMORANDUM OF UNDERSTANDING REGARDING OHIO EPA NPDES PHASE 2 PROGRAM AND COORDINATION BY AND BETWEEN

Geauga Board of County Commissioners, Geauga County Drainage Engineer, Geauga Soil and Water Conservation District, Geauga County Health District, BANBELDEE

Township, & Geauga County Department of Water Resources

This Memorandum of Understanding (MOU) is entered into this 2 day of 2010, between 64N6016 Pownship (Township), by its Trustees, the Geauga County Soil and Water Conservation District (SWCD), by its Supervisors, the Geauga County Drainage Engineer (Engineer), the Geauga County Health District (Health Department), Geauga County Department of Water Resources (GCDWR) and the Geauga Board of County Commissioners (County).

Section A

The purpose of this memorandum is to acknowledge certain duties undertaken by the County in fulfillment of a permit from the Ohio Environmental Protection Agency (EPA) authorizing discharges of storm water from a municipal separate storm sewer system, and to define the role of the Townships as co-permittees and the SWCD, Health Department, GCDWR and Drainage Engineer in assisting the County to fulfill those duties. The parties to this MOU recognize the following:

- 1. The County is a community required to obtain a permit from EPA under the Ohio EPA General NPDES Permit No.: OHQ000003 for storm water discharges from its "municipal" separate storm sewer system (MS4), as defined in the permit and referred to herein as "permit".
- 2. The Township is a co-permittee of the County's Ohio EPA General NPDES Permit No. OHQ 000003
- 3. The Geauga County Drainage Engineer has been appointed by the Geauga Board of County Commissioners as the Drainage Engineer for the County and has taken on the role to coordinate County compliance with the Ohio EPA General NPDES Permit No. OHQ000003
- 4. SWCD is the Agency, by agreement with the Geauga County Commissioners under rules duly adopted pursuant to Section 307.79 of the Ohio Revised Code, which has jurisdiction to administer regulations pertaining to storm water management and sediment control in Geauga County.
- 5. The Township is not within the limits of a municipal corporation and is located in Geauga County. Therefore, the Township is under the jurisdiction of the County Commissioners under Section 307.79 with respect to storm water management and sediment control issues in Geauga County.

- 6. The Geauga County Health District is the entity within Geauga County that has the legal authority to regulate and enforce discharges from septic systems.
- 7. GCDWR is responsible for management and oversight of the County's sanitary sewer district, County owned wastewater/water infrastructure, and ensuring compliance with relevant regulatory agencies. GCDWR operates an EPA certified environmental laboratory that conducts routine chemical analysis on water and wastewater samples.
- 8. Any additional costs for specific materials, consulting, or programs will be negotiated and accepted by mutual agreement at the time such materials or services are provided. Nothing in the MOU shall be construed to commit the County, Engineer, Health District, GCDWR or Township to any specific expenditure.

Section B

Under this MOU, the Township agrees to the following:

- 1. It will use its best faith efforts to provide the County, Health Department, GCDWR, Engineer and SWCD information about its obligations under the permit, issues pertinent to storm water management, and plans, programs, and resources that it has committed to fulfilling its obligations under the permit.
- 2. Its co-permittee obligations are solely its responsibility and will continue in accordance with the terms of the permit whether or not the Township receives services or advice from SWCD, County, Health Department, GCDWR or County in fulfillment of its permit obligations.
- 3. It understands that certain services and materials contained within this MOU may require that a reasonable fee be charged by the SWCD, County, GCDWR, Health Department, and Engineer.
- 4. Summarize activities related to permit on an annual basis by January 31 and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section C

Under this MOU, the SWCD agrees to the following:

- 1. It will use best faith efforts to collect information, consult with the Township, County and Engineer on its program and plans, and assist all in fulfilling its obligations under the permit.
- 2. Gather, assemble and compile necessary information from the County, Engineer, Health Department, GCDWR, Township and any other entity who provides activities or services that meet the County NPDES Phase 2 requirements into the Ohio EPA Annual Report.
- 3. Cooperate with other providers of services to the County and Township in fulfillment of permit requirements, including but not limited to the Chagrin River Watershed Partners, Inc.

- 4. Advise the Township and Engineer on suggested changes and improvements in the Storm Water Management Program.
- 5. Assist the County, Engineer, Health Department, GCDWR or Township as appropriate in the preparation of grant requests to meet the requirements of its Storm Water Management Program.
- 6. Provide other services, as appropriate, as requested by the County, Engineer, Health Department, GCDWR or Township.

Section D

Under this MOU, the Engineer agrees to the following:

- 1. Hold regular meetings with the County, Township, SWCD, GCDWR, Health Department and any other stakeholders providing services to the County on a regular basis to discuss annual progress, changes in the Storm Water Plan, and any other coordination efforts that may be necessary for the overall success of meeting the requirements of the permit.
- 2. Host Household Hazardous Waste days annually in coordination with the Geauga-Trumbull Solid Waste District.
- 3. Summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section E

Under this MOU, the Health Department agrees to the following:

- 1. Follow-up on all wet outfalls where test results indicate the limits set for effluent from off-lot household sewage treatment systems from Health Department has been exceeded.
- 2. Implement Point of Sale Program where all household sewage treatment systems are tested and if deficient brought up to current standards upon the sale of a home. The Health Department will break this information into lots within the Urbanized Area and Non-Urbanized Area.

Review all submitted annual test results of

- Ensure all off-lot household sewage treatment systems within Urbanized Areas have submitted annual tests. The Health Department will follow-up with those lots that have not submitted or that do not meet current Health Department standards and take the necessary measures to ensure the systems are brought up to current Health Department standards. A summary list showing the lots and results of tests shall be provided to the SWCD for inclusion in the Ohio EPA Annual report for said permit.
- 4. Summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

75290 for 612020

Section F

Under this MOU, GCDWR agrees to the following:

- 1. Upon request, assist/support the SWCD in sampling and testing wet outfalls and submit results to Engineer, SWCD and Health District. GCDWR will bill the Township \$50.00 per sample for the sampling and testing of each wet outfall
- 2. Upon request, summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section G

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #1 & #2 - Public Education and Outreach and Public Involvement and Participation of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Create two newsletter-ready articles related to NPDES Phase 2, non-point source pollution, storm water and/or watershed management for inclusion as news releases in local newspapers, publication in township newsletters and posting on various entities websites.
- 2. Create and maintain brochures, flyers, booklets, and other readily available printed materials from time to time, as needed.
- 3. Participate in the Northeast Ohio Storm Water Training Council to assist in creating training opportunities related to NPDES Phase 2 Minimum Control Measures that are available for Geauga County government entities.
- 4. Provide at least one local workshop for residents related to NPDES Phase 2, non-point source pollution, storm water and/or watershed management.
- 5. Technical advice and participation, as appropriate, in stream clean-ups, stream monitoring activities, household hazardous waste collection days, township days and similar public events.
- 6. Provide educational programs related to non-point source pollution, storm water and/or watershed management to local schools.

The Township will:

1. Assist in the advertisement of all educational and public involvement programs.

The Engineer will:

1. Assist in the advertisement of all educational and public involvement programs.

Section H

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #3 - Illicit Discharge Detection and Elimination of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Develop and maintain Storm Sewer Outfall database and GIS map for NPDES Phase 2 Urbanized Area
- 2. Develop and maintain municipal separate storm sewer system (MS4) database and GIS map for NPDES Phase 2 Urbanized Area
- 3. Develop and maintain database and GIS map of Off-Lot Home Sewage Treatment Systems within the NPDES Phase 2 Urbanized Area.

The Township will:

1. Inspect all storm sewer outfalls within the township road right of way as inventoried and provided by SWCD as often as required by the Permit and forward data to the SWCD for tracking purposes.

The Engineer will:

1. Inspect all storm sewer outfalls within the county road right of way as inventoried and provided by SWCD as often as required by the Permit and forward data to the SWCD for tracking purposes.

The Health Department will:

- 1. Regularly provide information on any off-lot Home Sewage Treatment Systems to the SWCD to maintain in County database and GIS map.
- 2. Investigate all wet storm sewer outfalls confirmed to exceed limits as tested by Water Resources.

GCDWR will:

- 1. Assist SWCD to test wet storm sewer outfalls.
- 2. Report any Sanitary Sewer Overflow from County owned Wastewater Treatment Plants to Geauga County Engineer, Township Trustees where overflow occurred, and Geauga SWCD.

Section I

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measures #4 - Construction Site Storm Water Runoff Control of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Review construction plans and inspect construction sites covered under the *Geauga County Water Management and Sediment Control Regulations* as adopted by the Geauga County Commissioners to be administered by the SWCD.
- 2. Provide materials and training sessions to the Township zoning inspector and other designated personnel on methods and practices of erosion and sediment control, and the application and enforcement of township regulations already in place, as needed.
- 3. Assist the Township, as needed, in the review of development plans.
- 4. Advise landowners in the application of erosion and sediment control practices.
- 5. Assist the Township in field inspection and verification of compliance with plans, as needed.

The Township will:

1. Instruct all proposed applicants of zoning permits to obtain appropriate Water Management and Sediment Control Plan approval from Geauga SWCD, as applicable, prior to issuance of a zoning permit.

The Engineer will:

- 1. Develop and maintain Storm Water Pollution Prevention Plans for County and Township owned facilities.
- 2. Provide and design proper Storm Water Pollution Prevention Plans for all Township and County owned road improvement projects where earth disturbing activities are proposed.
- 3. Provide construction inspection of all Township and County owned road improvement projects were earth disturbing activities are proposed to ensure Storm Water Pollution Prevention Plans are being implemented.

Section J

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #5 - Post-Construction Storm Water Runoff Control on New Development and Redevelopment of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

1. Continue to review plans and inspect construction sites covered under the *Geauga County Water Management and Sediment Control Regulations* as adopted by the Geauga County Commissioners to be administered by the SWCD to ensure proper Post-Construction Storm Water Best Management Practices are designed and installed.

- 2. Ensure all Post-Construction Storm Water Best Management Practices installed have an "as-built" and long-term management document recorded.
- 3. Regularly inspect, track, and map on GIS all post-construction storm water runoff control structures previously reviewed and approved for installation by the Geauga SWCD under the *Geauga County Water Management and Sediment Control Regulations*

The Township will:

1. Instruct all proposed applicants of zoning permits to obtain appropriate Water Management and Sediment Control Plan approval from Geauga SWCD, as applicable, prior to issuance of a zoning permit.

The Engineer will:

1. Review and approve all Drainage Maintenance District Requests for long-term management of post-construction storm water systems in proposed subdivisions.

Section K

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #6 - Pollution Prevention/Good Housekeeping for Municipal Operations of the Ohio EPA NPDES EPA General NPDES Permit No. OHO000003:

The SWCD will:

- 1. Assist the Engineer with updates to the Geauga County Storm Water Pollution Prevention Plan for County and Township Facilities, as necessary
- 2. Assist the Engineer in planning training opportunities for county and township personnel.

The Township will:

1. Implement the Storm Water Pollution Prevention Plan for all Township owned facilities and day-to-day operations within the NPDES Phase 2 Urbanized Areas.

The Engineer will:

- 1. Maintain and update the Geauga County Storm Water Pollution Prevention Plan for County and Township Facilities, as necessary.
- 2. Implement the Storm Water Pollution Prevention Plan for County owned facilities and day-to-day operations within the NPDES Phase 2 Urbanized Areas.
- 3. Plan training opportunities for county and township personnel.

Section L

It is intended by the parties that this MOU clearly express the intentions and understandings of the parties that will govern their best faith efforts to cooperate in the fulfillment of the County's obligations under the EPA Permit. Nothing herein shall be considered a contractual commitment by either party. The County's binding obligations shall be limited to the terms of the permit and

to decisions that may be made from time to time by the appropriate officials, in accordance with Ohio law.

Section M

This MOU shall be reviewed on an annual basis and shall be modified to the extent necessary each year to effectively meet the goals of each of the parties. Any party may terminate this agreement upon 30 days written notice. Upon termination, the parties will seek to fulfill pending projects and commitments based upon mutual agreement.

This memorandum and the understandings contained herein are hereby voluntarily accepted by the County, Engineer, Health Department, GCDWR, Township and SWCD.

Section N

Funding for any items listed within this MOU without a specific funding mechanism shall be discussed by applicable parties on an as needed basis.

Geauga Soil and Water Conservation

MEMORANDUM OF UNDERSTANDING REGARDING OHIO EPA NPDES PHASE 2 PROGRAM AND COORDINATION BY AND BETWEEN

Geauga Board of County Commissioners, Geauga County Drainage Engineer, Geauga Soil and Water Conservation District, Geauga County Health District, Chester Township, & Geauga County Department of Water Resources

This Memorandum of Understanding (MOU) is entered into this 27th day of February, 2020 between Chester Township (Township), by its Trustees, the Geauga County Soil and Water Conservation District (SWCD), by its Supervisors, the Geauga County Drainage Engineer (Engineer), the Geauga County Health District (Health Department), Geauga County Department of Water Resources (GCDWR) and the Geauga Board of County Commissioners (County).

Section A

The purpose of this memorandum is to acknowledge certain duties undertaken by the County in fulfillment of a permit from the Ohio Environmental Protection Agency (EPA) authorizing discharges of storm water from a municipal separate storm sewer system, and to define the role of the Townships as co-permittees and the SWCD, Health Department, GCDWR and Drainage Engineer in assisting the County to fulfill those duties. The parties to this MOU recognize the following:

- 1. The County is a community required to obtain a permit from EPA under the Ohio EPA General NPDES Permit No.: OHQ000003 for storm water discharges from its "municipal" separate storm sewer system (MS4), as defined in the permit and referred to herein as "permit".
- 2. The Township is a co-permittee of the County's Ohio EPA General NPDES Permit No. OHQ 000003
- 3. The Geauga County Drainage Engineer has been appointed by the Geauga Board of County Commissioners as the Drainage Engineer for the County and has taken on the role to coordinate County compliance with the Ohio EPA General NPDES Permit No. OHQ000003
- 4. SWCD is the Agency, by agreement with the Geauga County Commissioners under rules duly adopted pursuant to Section 307.79 of the Ohio Revised Code, which has jurisdiction to administer regulations pertaining to storm water management and sediment control in Geauga County.
- 5. The Township is not within the limits of a municipal corporation and is located in Geauga County. Therefore, the Township is under the jurisdiction of the County Commissioners under Section 307.79 with respect to storm water management and sediment control issues in Geauga County.

- 6. The Geauga County Health District is the entity within Geauga County that has the legal authority to regulate and enforce discharges from septic systems.
- 7. GCDWR is responsible for management and oversight of the County's sanitary sewer district, County owned wastewater/water infrastructure, and ensuring compliance with relevant regulatory agencies. GCDWR operates an EPA certified environmental laboratory that conducts routine chemical analysis on water and wastewater samples.
- 8. Any additional costs for specific materials, consulting, or programs will be negotiated and accepted by mutual agreement at the time such materials or services are provided. Nothing in the MOU shall be construed to commit the County, Engineer, Health District, GCDWR or Township to any specific expenditure.

Section B

Under this MOU, the Township agrees to the following:

- 1. It will use its best faith efforts to provide the County, Health Department, GCDWR, Engineer and SWCD information about its obligations under the permit, issues pertinent to storm water management, and plans, programs, and resources that it has committed to fulfilling its obligations under the permit.
- 2. Its co-permittee obligations are solely its responsibility and will continue in accordance with the terms of the permit whether or not the Township receives services or advice from SWCD, County, Health Department, GCDWR or County in fulfillment of its permit obligations.
- 3. It understands that certain services and materials contained within this MOU may require that a reasonable fee be charged by the SWCD, County, GCDWR, Health Department, and Engineer.
- 4. Summarize activities related to permit on an annual basis by January 31 and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section C

Under this MOU, the SWCD agrees to the following:

- 1. It will use best faith efforts to collect information, consult with the Township, County and Engineer on its program and plans, and assist all in fulfilling its obligations under the permit.
- 2. Gather, assemble and compile necessary information from the County, Engineer, Health Department, GCDWR, Township and any other entity who provides activities or services that meet the County NPDES Phase 2 requirements into the Ohio EPA Annual Report.
- 3. Cooperate with other providers of services to the County and Township in fulfillment of permit requirements, including but not limited to the Chagrin River Watershed Partners, Inc.

- 4. Advise the Township and Engineer on suggested changes and improvements in the Storm Water Management Program.
- 5. Assist the County, Engineer, Health Department, GCDWR or Township as appropriate in the preparation of grant requests to meet the requirements of its Storm Water Management Program.
- 6. Provide other services, as appropriate, as requested by the County, Engineer, Health Department, GCDWR or Township.

Section D

Under this MOU, the Engineer agrees to the following:

- 1. Hold regular meetings with the County, Township, SWCD, GCDWR, Health Department and any other stakeholders providing services to the County on a regular basis to discuss annual progress, changes in the Storm Water Plan, and any other coordination efforts that may be necessary for the overall success of meeting the requirements of the permit.
- 2. Host Household Hazardous Waste days annually in coordination with the Geauga-Trumbull Solid Waste District.
- 3. Summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section E

Under this MOU, the Health Department agrees to the following:

- 1. Follow-up on all wet outfalls where test results indicate the limits set for effluent from off-lot household sewage treatment systems from Health Department has been exceeded.
- 2. Implement Point of Sale Program where all household sewage treatment systems are tested and if deficient brought up to current standards upon the sale of a home. The Health Department will break this information into lots within the Urbanized Area and Non-Urbanized Area.

Review all submitted annual test results of

- Ensure all off-lot household sewage treatment systems within Urbanized Areas have submitted annual tests. The Health Department will follow-up with those lots that have not submitted or that do not meet current Health Department standards and take the necessary measures to ensure the systems are brought up to current Health Department standards. A summary list showing the lots and results of tests shall be provided to the SWCD for inclusion in the Thio EPA Annual report for said permit.
- 4. Summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Prietzozo

Section F

Under this MOU, GCDWR agrees to the following:

- 1. Upon request, assist/support the SWCD in sampling and testing wet outfalls and submit results to Engineer, SWCD and Health District. GCDWR will bill the Township \$50.00 per sample for the sampling and testing of each wet outfall
- 2. Upon request, summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section G

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #1 & #2 - Public Education and Outreach and Public Involvement and Participation of the Ohio EPA NPDES EPA General NPDES Permit No. OHO000003:

The SWCD will:

- 1. Create two newsletter-ready articles related to NPDES Phase 2, non-point source pollution, storm water and/or watershed management for inclusion as news releases in local newspapers, publication in township newsletters and posting on various entities websites.
- 2. Create and maintain brochures, flyers, booklets, and other readily available printed materials from time to time, as needed.
- 3. Participate in the Northeast Ohio Storm Water Training Council to assist in creating training opportunities related to NPDES Phase 2 Minimum Control Measures that are available for Geauga County government entities.
- 4. Provide at least one local workshop for residents related to NPDES Phase 2, non-point source pollution, storm water and/or watershed management.
- 5. Technical advice and participation, as appropriate, in stream clean-ups, stream monitoring activities, household hazardous waste collection days, township days and similar public events.
- 6. Provide educational programs related to non-point source pollution, storm water and/or watershed management to local schools.

The Township will:

1. Assist in the advertisement of all educational and public involvement programs.

The Engineer will:

1. Assist in the advertisement of all educational and public involvement programs.

Section H

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #3 - Illicit Discharge Detection and Elimination of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Develop and maintain Storm Sewer Outfall database and GIS map for NPDES Phase 2 Urbanized Area
- 2. Develop and maintain municipal separate storm sewer system (MS4) database and GIS map for NPDES Phase 2 Urbanized Area
- 3. Develop and maintain database and GIS map of Off-Lot Home Sewage Treatment Systems within the NPDES Phase 2 Urbanized Area.

The Township will:

1. Inspect all storm sewer outfalls within the township road right of way as inventoried and provided by SWCD as often as required by the Permit and forward data to the SWCD for tracking purposes.

The Engineer will:

1. Inspect all storm sewer outfalls within the county road right of way as inventoried and provided by SWCD as often as required by the Permit and forward data to the SWCD for tracking purposes.

The Health Department will:

- 1. Regularly provide information on any off-lot Home Sewage Treatment Systems to the SWCD to maintain in County database and GIS map.
- 2. Investigate all wet storm sewer outfalls confirmed to exceed limits as tested by Water Resources.

GCDWR will:

- 1. Assist SWCD to test wet storm sewer outfalls.
- 2. Report any Sanitary Sewer Overflow from County owned Wastewater Treatment Plants to Geauga County Engineer, Township Trustees where overflow occurred, and Geauga SWCD.

Section I

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measures #4 - Construction Site Storm Water Runoff Control of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Review construction plans and inspect construction sites covered under the *Geauga County Water Management and Sediment Control Regulations* as adopted by the Geauga County Commissioners to be administered by the SWCD.
- 2. Provide materials and training sessions to the Township zoning inspector and other designated personnel on methods and practices of erosion and sediment control, and the application and enforcement of township regulations already in place, as needed.
- 3. Assist the Township, as needed, in the review of development plans.
- 4. Advise landowners in the application of erosion and sediment control practices.
- 5. Assist the Township in field inspection and verification of compliance with plans, as needed.

The Township will:

1. Instruct all proposed applicants of zoning permits to obtain appropriate Water Management and Sediment Control Plan approval from Geauga SWCD, as applicable, prior to issuance of a zoning permit.

The Engineer will:

- 1. Develop and maintain Storm Water Pollution Prevention Plans for County and Township owned facilities.
- 2. Provide and design proper Storm Water Pollution Prevention Plans for all Township and County owned road improvement projects where earth disturbing activities are proposed.
- 3. Provide construction inspection of all Township and County owned road improvement projects were earth disturbing activities are proposed to ensure Storm Water Pollution Prevention Plans are being implemented.

Section J

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #5 - Post-Construction Storm Water Runoff Control on New Development and Redevelopment of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

1. Continue to review plans and inspect construction sites covered under the Geauga County Water Management and Sediment Control Regulations as adopted by the Geauga County Commissioners to be administered by the SWCD to ensure proper Post-Construction Storm Water Best Management Practices are designed and installed.

- 2. Ensure all Post-Construction Storm Water Best Management Practices installed have an "as-built" and long-term management document recorded.
- 3. Regularly inspect, track, and map on GIS all post-construction storm water runoff control structures previously reviewed and approved for installation by the Geauga SWCD under the *Geauga County Water Management and Sediment Control Regulations*

The Township will:

1. Instruct all proposed applicants of zoning permits to obtain appropriate Water Management and Sediment Control Plan approval from Geauga SWCD, as applicable, prior to issuance of a zoning permit.

The Engineer will:

1. Review and approve all Drainage Maintenance District Requests for long-term management of post-construction storm water systems in proposed subdivisions.

Section K

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #6 - Pollution Prevention/Good Housekeeping for Municipal Operations of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Assist the Engineer with updates to the Geauga County Storm Water Pollution Prevention Plan for County and Township Facilities, as necessary
- 2. Assist the Engineer in planning training opportunities for county and township personnel.

The Township will:

1. Implement the Storm Water Pollution Prevention Plan for all Township owned facilities and day-to-day operations within the NPDES Phase 2 Urbanized Areas.

The Engineer will:

- 1. Maintain and update the Geauga County Storm Water Pollution Prevention Plan for County and Township Facilities, as necessary.
- 2. Implement the Storm Water Pollution Prevention Plan for County owned facilities and day-to-day operations within the NPDES Phase 2 Urbanized Areas.
- 3. Plan training opportunities for county and township personnel.

Section L

It is intended by the parties that this MOU clearly express the intentions and understandings of the parties that will govern their best faith efforts to cooperate in the fulfillment of the County's obligations under the EPA Permit. Nothing herein shall be considered a contractual commitment by either party. The County's binding obligations shall be limited to the terms of the permit and

to decisions that may be made from time to time by the appropriate officials, in accordance with Ohio law.

Section M

This MOU shall be reviewed on an annual basis and shall be modified to the extent necessary each year to effectively meet the goals of each of the parties. Any party may terminate this agreement upon 30 days written notice. Upon termination, the parties will seek to fulfill pending projects and commitments based upon mutual agreement.

This memorandum and the understandings contained herein are hereby voluntarily accepted by the County, Engineer, Health Department, GCDWR, Township and SWCD.

Section N

Funding for any items listed within this MOU without a specific funding mechanism shall be discussed by applicable parties on an as needed basis.

GEAUGACO. PROSECUTOR'S OFFICE

MEMORANDUM OF UNDERSTANDING REGARDING OHIO EPA NPDES PHASE 2 PROGRAM AND COORDINATION BY AND BETWEEN

Geauga Board of County Commissioners, Geauga County Drainage Engineer, Geauga Soil and Water Conservation District, Geauga County Health District, Russell Township, & Geauga County Department of Water Resources

This Memorandum of Understanding (MOU) is entered into this 18th day of March, 2020, between Russell Township (Township), by its Trustees, the Geauga County Soil and Water Conservation District (SWCD), by its Supervisors, the Geauga County Drainage Engineer (Engineer), the Geauga County Health District (Health Department), Geauga County Department of Water Resources (GCDWR) and the Geauga Board of County Commissioners (County).

Section A

The purpose of this memorandum is to acknowledge certain duties undertaken by the County in fulfillment of a permit from the Ohio Environmental Protection Agency (EPA) authorizing discharges of storm water from a municipal separate storm sewer system, and to define the role of the Townships as co-permittees and the SWCD, Health Department, GCDWR and Drainage Engineer in assisting the County to fulfill those duties. The parties to this MOU recognize the following:

- 1. The County is a community required to obtain a permit from EPA under the Ohio EPA General NPDES Permit No.: OHQ000003 for storm water discharges from its "municipal" separate storm sewer system (MS4), as defined in the permit and referred to herein as "permit".
- 2. The Township is a co-permittee of the County's Ohio EPA General NPDES Permit No. OHQ 000003
- 3. The Geauga County Drainage Engineer has been appointed by the Geauga Board of County Commissioners as the Drainage Engineer for the County and has taken on the role to coordinate County compliance with the Ohio EPA General NPDES Permit No. OHQ000003
- 4. SWCD is the Agency, by agreement with the Geauga County Commissioners under rules duly adopted pursuant to Section 307.79 of the Ohio Revised Code, which has jurisdiction to administer regulations pertaining to storm water management and sediment control in Geauga County.
- 5. The Township is not within the limits of a municipal corporation and is located in Geauga County. Therefore, the Township is under the jurisdiction of the County Commissioners under Section 307.79 with respect to storm water management and sediment control issues in Geauga County.

- 6. The Geauga County Health District is the entity within Geauga County that has the legal authority to regulate and enforce discharges from septic systems.
- 7. GCDWR is responsible for management and oversight of the County's sanitary sewer district, County owned wastewater/water infrastructure, and ensuring compliance with relevant regulatory agencies. GCDWR operates an EPA certified environmental laboratory that conducts routine chemical analysis on water and wastewater samples.
- 8. Any additional costs for specific materials, consulting, or programs will be negotiated and accepted by mutual agreement at the time such materials or services are provided. Nothing in the MOU shall be construed to commit the County, Engineer, Health District, GCDWR or Township to any specific expenditure.

Section B

Under this MOU, the Township agrees to the following:

- 1. It will use its best faith efforts to provide the County, Health Department, GCDWR, Engineer and SWCD information about its obligations under the permit, issues pertinent to storm water management, and plans, programs, and resources that it has committed to fulfilling its obligations under the permit.
- 2. Its co-permittee obligations are solely its responsibility and will continue in accordance with the terms of the permit whether or not the Township receives services or advice from SWCD, County, Health Department, GCDWR or County in fulfillment of its permit obligations.
- 3. It understands that certain services and materials contained within this MOU may require that a reasonable fee be charged by the SWCD, County, GCDWR, Health Department, and Engineer.
- 4. Summarize activities related to permit on an annual basis by January 31 and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section C

Under this MOU, the SWCD agrees to the following:

- 1. It will use best faith efforts to collect information, consult with the Township, County and Engineer on its program and plans, and assist all in fulfilling its obligations under the permit.
- 2. Gather, assemble and compile necessary information from the County, Engineer, Health Department, GCDWR, Township and any other entity who provides activities or services that meet the County NPDES Phase 2 requirements into the Ohio EPA Annual Report.
- 3. Cooperate with other providers of services to the County and Township in fulfillment of permit requirements, including but not limited to the Chagrin River Watershed Partners, Inc.

- 4. Advise the Township and Engineer on suggested changes and improvements in the Storm Water Management Program.
- 5. Assist the County, Engineer, Health Department, GCDWR or Township as appropriate in the preparation of grant requests to meet the requirements of its Storm Water Management Program.
- 6. Provide other services, as appropriate, as requested by the County, Engineer, Health Department, GCDWR or Township.

Section D

Under this MOU, the Engineer agrees to the following:

- 1. Hold regular meetings with the County, Township, SWCD, GCDWR, Health Department and any other stakeholders providing services to the County on a regular basis to discuss annual progress, changes in the Storm Water Plan, and any other coordination efforts that may be necessary for the overall success of meeting the requirements of the permit.
- 2. Host Household Hazardous Waste days annually in coordination with the Geauga-Trumbull Solid Waste District.
- 3. Summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section E

Under this MOU, the Health Department agrees to the following:

- 1. Follow-up on all wet outfalls where test results indicate the limits set for effluent from off-lot household sewage treatment systems from Health Department has been exceeded.
- 2. Implement Point of Sale Program where all household sewage treatment systems are tested and if deficient brought up to current standards upon the sale of a home. The Health Department will break this information into lots within the Urbanized Area and Non-Urbanized Area.

Review all submitted annual test results of

- Ensure all off-lot household sewage treatment systems within Urbanized Areas have submitted annual tests. The Health Department will follow-up with those lots that have not submitted or that do not meet current Health Department standards and take the necessary measures to ensure the systems are brought up to current Health Department standards. A summary list showing the lots and results of tests shall be provided to the SWCD for inclusion in the Ohio EPA Annual report for said permit.
- 4. Summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

75000 tor EH P/26/2020

Section F

Under this MOU, GCDWR agrees to the following:

- 1. Upon request, assist/support the SWCD in sampling and testing wet outfalls and submit results to Engineer, SWCD and Health District. GCDWR will bill the Township \$50.00 per sample for the sampling and testing of each wet outfall
- 2. Upon request, summarize activities related to permit on an annual basis and provide to the SWCD for inclusion in the Ohio EPA Annual Report for said permit.

Section G

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #1 & #2 - Public Education and Outreach and Public Involvement and Participation of the Ohio EPA NPDES EPA General NPDES Permit No. OHO000003:

The SWCD will:

- 1. Create two newsletter-ready articles related to NPDES Phase 2, non-point source pollution, storm water and/or watershed management for inclusion as news releases in local newspapers, publication in township newsletters and posting on various entities websites.
- 2. Create and maintain brochures, flyers, booklets, and other readily available printed materials from time to time, as needed.
- 3. Participate in the Northeast Ohio Storm Water Training Council to assist in creating training opportunities related to NPDES Phase 2 Minimum Control Measures that are available for Geauga County government entities.
- 4. Provide at least one local workshop for residents related to NPDES Phase 2, non-point source pollution, storm water and/or watershed management.
- 5. Technical advice and participation, as appropriate, in stream clean-ups, stream monitoring activities, household hazardous waste collection days, township days and similar public events.
- 6. Provide educational programs related to non-point source pollution, storm water and/or watershed management to local schools.

The Township will:

1. Assist in the advertisement of all educational and public involvement programs.

The Engineer will:

1. Assist in the advertisement of all educational and public involvement programs.

Section H

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #3 - Illicit Discharge Detection and Elimination of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Develop and maintain Storm Sewer Outfall database and GIS map for NPDES Phase 2 Urbanized Area
- 2. Develop and maintain municipal separate storm sewer system (MS4) database and GIS map for NPDES Phase 2 Urbanized Area
- 3. Develop and maintain database and GIS map of Off-Lot Home Sewage Treatment Systems within the NPDES Phase 2 Urbanized Area.

The Township will:

1. Inspect all storm sewer outfalls within the township road right of way as inventoried and provided by SWCD as often as required by the Permit and forward data to the SWCD for tracking purposes.

The Engineer will:

1. Inspect all storm sewer outfalls within the county road right of way as inventoried and provided by SWCD as often as required by the Permit and forward data to the SWCD for tracking purposes.

The Health Department will:

- 1. Regularly provide information on any off-lot Home Sewage Treatment Systems to the SWCD to maintain in County database and GIS map.
- 2. Investigate all wet storm sewer outfalls confirmed to exceed limits as tested by Water Resources.

GCDWR will:

- 1. Assist SWCD to test wet storm sewer outfalls.
- 2. Report any Sanitary Sewer Overflow from County owned Wastewater Treatment Plants to Geauga County Engineer, Township Trustees where overflow occurred, and Geauga SWCD.

Section I

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measures #4 - Construction Site Storm Water Runoff Control of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Review construction plans and inspect construction sites covered under the *Geauga County Water Management and Sediment Control Regulations* as adopted by the Geauga County Commissioners to be administered by the SWCD.
- 2. Provide materials and training sessions to the Township zoning inspector and other designated personnel on methods and practices of erosion and sediment control, and the application and enforcement of township regulations already in place, as needed.
- 3. Assist the Township, as needed, in the review of development plans.
- 4. Advise landowners in the application of erosion and sediment control practices.
- 5. Assist the Township in field inspection and verification of compliance with plans, as needed.

The Township will:

1. Instruct all proposed applicants of zoning permits to obtain appropriate Water Management and Sediment Control Plan approval from Geauga SWCD, as applicable, prior to issuance of a zoning permit.

The Engineer will:

- 1. Develop and maintain Storm Water Pollution Prevention Plans for County and Township owned facilities.
- 2. Provide and design proper Storm Water Pollution Prevention Plans for all Township and County owned road improvement projects where earth disturbing activities are proposed.
- 3. Provide construction inspection of all Township and County owned road improvement projects were earth disturbing activities are proposed to ensure Storm Water Pollution Prevention Plans are being implemented.

Section J

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #5 - Post-Construction Storm Water Runoff Control on New Development and Redevelopment of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

1. Continue to review plans and inspect construction sites covered under the *Geauga County Water Management and Sediment Control Regulations* as adopted by the Geauga County Commissioners to be administered by the SWCD to ensure proper Post-Construction Storm Water Best Management Practices are designed and installed.

- 2. Ensure all Post-Construction Storm Water Best Management Practices installed have an "as-built" and long-term management document recorded.
- 3. Regularly inspect, track, and map on GIS all post-construction storm water runoff control structures previously reviewed and approved for installation by the Geauga SWCD under the *Geauga County Water Management and Sediment Control Regulations*

The Township will:

1. Instruct all proposed applicants of zoning permits to obtain appropriate Water Management and Sediment Control Plan approval from Geauga SWCD, as applicable, prior to issuance of a zoning permit.

The Engineer will:

1. Review and approve all Drainage Maintenance District Requests for long-term management of post-construction storm water systems in proposed subdivisions.

Section K

Under this MOU, the following services will be carried out by the various entities as follows pertaining to Minimum Control Measure #6 - Pollution Prevention/Good Housekeeping for Municipal Operations of the Ohio EPA NPDES EPA General NPDES Permit No. OHQ000003:

The SWCD will:

- 1. Assist the Engineer with updates to the Geauga County Storm Water Pollution Prevention Plan for County and Township Facilities, as necessary
- 2. Assist the Engineer in planning training opportunities for county and township personnel.

The Township will:

1. Implement the Storm Water Pollution Prevention Plan for all Township owned facilities and day-to-day operations within the NPDES Phase 2 Urbanized Areas.

The Engineer will:

- 1. Maintain and update the Geauga County Storm Water Pollution Prevention Plan for County and Township Facilities, as necessary.
- 2. Implement the Storm Water Pollution Prevention Plan for County owned facilities and day-to-day operations within the NPDES Phase 2 Urbanized Areas.
- 3. Plan training opportunities for county and township personnel.

Section L

It is intended by the parties that this MOU clearly express the intentions and understandings of the parties that will govern their best faith efforts to cooperate in the fulfillment of the County's obligations under the EPA Permit. Nothing herein shall be considered a contractual commitment by either party. The County's binding obligations shall be limited to the terms of the permit and

to decisions that may be made from time to time by the appropriate officials, in accordance with Ohio law.

Section M

This MOU shall be reviewed on an annual basis and shall be modified to the extent necessary each year to effectively meet the goals of each of the parties. Any party may terminate this agreement upon 30 days written notice. Upon termination, the parties will seek to fulfill pending projects and commitments based upon mutual agreement.

This memorandum and the understandings contained herein are hereby voluntarily accepted by the County, Engineer, Health Department, GCDWR, Township and SWCD.

Villa Ridge, S/L 46 - 7332 Villa Ridge	04110003	Bainbridge Township	Resolved	07/06/2022	07/13/2022	Benita, at 7322 villa, is concerned that the drain on her neighbors property documented by surveyors stakes, is completely clogged with dirt. Chad George, landscaper, discovered this. Either the silt or dirt from Payne and Payne's construction has it clogged. Now Payne is moving dirt just about on top of the drain for s/l 46 and she has a swamp in her backyard.	Benita Nowal	7322 Villa Ridge	Chagrin Falls	ОН	44022	8139971707	benitanowak@gmail.com Site visit on 7/13. Basement dug, but no silt fence installed. Will issue 1NOV to builder.
	04110003	Bainbridge Township	Resolved	04/08/2022	04/11/2022	Call from neighbor. She is concerned about having a tree or group of trees cut down that are near a stream headwater on her property. She was wondering if the neighbor would consider avoiding the tree. Conducted a site inspection with Sharp. We think leaving the stump or avoiding the tree would be best. SW from street empties into stream it appears?	Denise Maietta	17321 Buckthorn Drive	Chagrin Falls	ОН	44023	9498744309	Will contact contractor about avoiding tree and about his intention to grade land. Meeting scheduled with builder,gary spaeth, and neighbor, Denise Maietta, regarding drainage solutions. Owner will pipe sw to street and avoid tree or cut down and leave stump.
