Conservation District

2024 Rain Barrel Yard Art Campaign

"Geauga Skies"

By: Florida Forreal with assistance from **Michaela Brennan**

Geauga Skies features some of our beloved native birds as well as planes from our local Geauga County Airport. After reaching out to the airport manager, Ric Blamer, I was able to get reference photos of our local planes. Some of these planes include our Tow Plane, towing the Glider Plane, and a Water Plane! You'll also find a section of wildflowers, highlighting the importance of them for our other little flying friends (insects). Remember to look up every once and awhile and appreciate the beauty of our very own Geauga skies!!!
